**In Opinion of American

Whether General Francisco Villa had definitely abandoned all idea of capturing Agua Prieta remained a question.

On the American side tension which had been high since Monday's battle has relaxed. The Douglas schools opened today for the first time this week.

Agua Prieta officials however did not yet consider to be safe however, and women and children in the refugee camp at Pirtlevilla, returned to the Mexican town and no attempt was made this morning by General Calles to re-capture the apparently small detachments Villa left guarding two or more field pieces which still remained in the positions taken in Monday's battle east of Agua Prieta.

If Villa were in retreat with his forces demoralized, military observers on this side believe it would be easy for Calles to move out and scatter his opponent's forces.

The fact that the Carranza garrison has remained in its trenches gave ground for the assumption that Calles believed Villa's movements strategic, designed to draw the Carranza forces into the open.

SERBIA'S KING, 71 YEARS OLD, AT THE FRONT

**VENERABLE RULER ONE OF THE
MOST PICTURESCUE FIG-
URES IN THE WAR**

**Pathetically Says to Soldiers, "Your
Old King Has Come to Die With
You."**

Amsterdam, Nov. 4.—Via London.—An official Bulgarian statement received today from Sofia says:

"Peter of Serbia, has gone to the front to encourage his soldiers and take them news that French and British forces are hastening to their assistance."

King Peter, one of the most picturesque figures of the war has gone to the front as he did last year, in the hour of his supreme peril. The venerable ruler—he is 71 years old—has been at Topola, the cradle of the Karageorgievitch dynasty, ill and weak, and according to last accounts was waiting to retire with the rear guard of his troops menaced on three sides by invading armies.

On the former occasion, King Peter was credited with having saved the day for Serbia. Late last year, when his army was being harried by the Austrians, the king suffering from rheumatism, contracted in the Franco-Prussian war, went to the front, and mounting a horse, rode slowly through the Serbian lines, telling his soldiers their old king had come to die with them. His actions inspired his troops who expelled the Austrians from Serbia.

"I am but a feeble old man," he king was quoted as having said, last month, "but I swear to you if a new invasion shall bring upon us the shame of being conquered, I shall not survive the ruin, but I too, shall die with the country."

**VILLA'S NEXT MOVE
HAS OFFICIALS OF
CARRANZA GUESSING.**

[ASSOCIATED PRESS TELEGRAM]
Douglas, Ariz., Nov. 4.—Although thwarted in his attempt to take Agua Prieta, the Mexican border town opposite here, General Villa today was said to have had Carranza officials guessing what his next move would be. Whether his plans were concealed from choice or by force of circumstances, remained a mystery.

Villa soldiers surrendering to Calles' scouts declared that since his defeat at Agua Prieta, their former commander was planning on distributing his forces in smaller bands to harass Carranza generals and adopting guerrilla warfare.

So stringent was the need for food supplies that any move undertaken by Villa, it was said, would be designed with that end in view.

Whether he contemplated a sudden dash southward taking Mazatlan, or intended to concentrate his forces at Naco, Sonora, a small border town west of here, where supplies might be obtained, military men were at a loss to determine.

Later reports from Naco, said 1,500 of Villa's troops had arrived there and 2,000 more were in sight.

A despatch from The Hague on November 2, said that at a recent conference in Amsterdam, attended by several members of the reichstag, one of these members asserted that Chancellor Von Bethmann Holweg had expressed Germany's inclination to conclude peace in return for cession to her of Belgium, the Meuse and Courland and payment of an indemnity of \$7,500,000,000.

New Greek Government Was Defeated in Parliament And Cabinet's Resignation Follows

[ASSOCIATED PRESS TELEGRAM]
Athens, Nov. 4.—Following its defeat in parliament today the cabinet resigned.

The immediate cause of the defeat was a remark made by war Minister Yanakitsas, which was considered by former Premier Venizelos as insulting to the national assembly.

M. Venizelos demanded an immediate apology. Premier Zaimis thereupon declared the government stood behind the war minister and demanded a vote of confidence.

The discussion then turned to the policy of the government. M. Venizelos declared it was impossible for his party longer to sustain the government whose policy he considered harmful to the interest of the country. All the party leaders engaged in the discussion. The final vote was 147 against the government to 114.

Premier Zaimis has been in office less than a month having been asked by King Constantine to form a cabinet after the resignation of Premier Venizelos on October 6. The retirement of the Venizelos ministry grew out of its policy in favor of entering the war with Serbia against Bulgaria to which M. Venizelos maintained Greece was bound by her treaty obligations. The king took the ground that in the circumstances Greece was not obligated to take up arms.

AS ARMY TRAINS LEAVE

**And They Pitifully Cling to
Departing Soldiers and
Follow the Train Until
They Can No Longer
Keep Pace With It—
Flower of Siberia's Man-
hood Ordered to Duty.**

[Associated Press Correspondence]

Vladivostok, Oct. 10.—Before the great European war began, Vladivostok had more than 100,000 inhabitants. Today its population is less than 75,000, so heavy has been the calls of the Russian army upon the men of eastern Siberia. The latest summons will take 10,000 from Vladivostok alone. These new recruits are being sent away at the rate of 1,000 a day. Many of them are badly needed in Vladivostok to help take care of the war supplies which are glutting the port. But the call of the army is unequalled. Trained and untrained men alike of military age, men of all classes, are being sent away daily to interior Siberia, where they will go into training, replacing others now ready to go to the front.

Russia has such a great number of men that all of them are not compelled to undergo military training. Exceptions are made in the case of an only son in a family, as well as under other special conditions, but now all males in Siberia are called out. More than 100 were taken by this call from a single firm in Vladivostok. Many of the American concerns with offices here have lost virtually their entire Russian office forces.

Retail and wholesale establishments have such reduction in forces that through a general agreement all the larger places of business close at the lunch hour, not having men enough left to arrange relief at meal time. Women are being trained for positions they are fitted for, preference being given to wives of men called to the front.

Koreans and Chinese are coming into Vladivostok to replace dock laborers called to war. Virtually all the heavy work on the docks now is being done by them, but they are so unskilled there is much uneasiness as to the effect the removal of the better trained Russians will have on the handling of war supplies.

The Russian government was slow to call out reservists in Siberia. Men are few and much needed in this new country. The government has expended great sums in encouraging emigration to Siberia and hesitates to take the cream of the colony's manhood back to the battle line. But the need evidently became so great it was necessary to claim Siberia's men. Three calls were made and it is reported another is soon to come which will claim all men in Siberia up to 45.

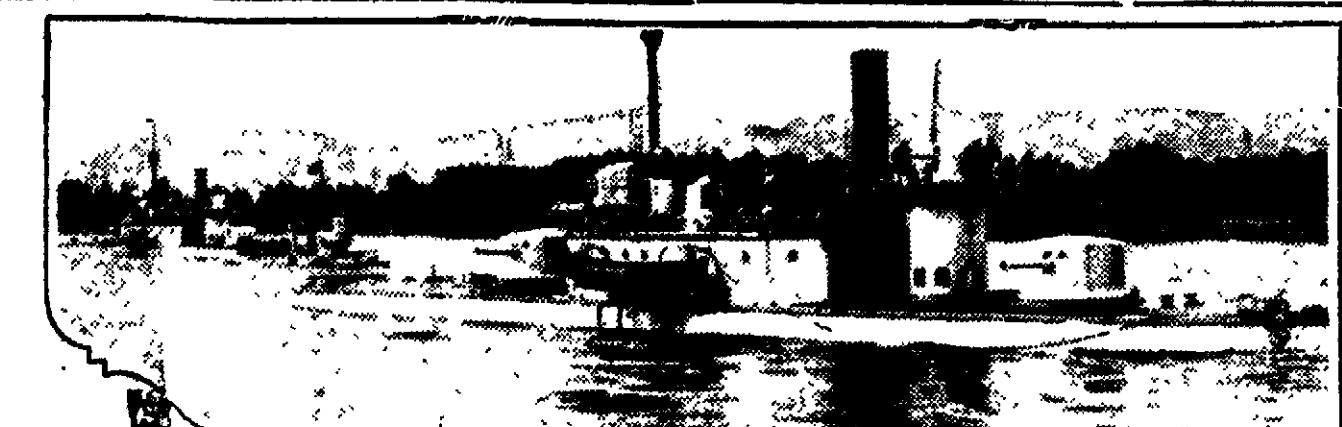

Owners of large businesses have been taken along with their humble employees. Apparently there have been no exceptions made in the enforcement of the call. Every night about 8 o'clock a troop train starts for the east. Hours before train time the relatives and friends of departing reservists begin to gather at the trans-Siberian railway station, which lies along the waterfront in the very heart of the city. Few of the new soldiers have uniforms. They carry rolls of bedding, boxes and carpet bags such as one sees immigrants lugging from the docks in New York.

For many days it has been raining but frequently mothers with young babies sit or stand in the rain, weeping as they wait for the train which is to carry their husbands away. There is little jubilation among the departing soldiers. The war has dragged on so long, it has become a nightmare to the families of the men liable to service, and there are so many women in black now in Vladivostok that duty at the front is regarded as almost certain death. A band plays each night as the troop trains leave, but its music cannot drown the grief of the women and children who cling pitifully to the departing soldiers and follow the train until its speed becomes so great they cannot keep pace with it.

A few wounded officers and privates have returned to Vladivostok but the losses have been so great that men coming back from the fighting line are received with great surprise. "We used to send flowers to the troop trains and give the men a rousing send-off," a Russian lady remarked today, "but one cannot keep that up forever. They are going constantly now. So many of us have lost relatives and friends that we have not the heart to cheer and pretend to be gay when we are not."

An officer's funeral moved

GERMANS USE THE DANUBE IN TRANSPORTING ARMS TO TURKEY

through the main street of Vladivostok today. Such processions are not unusual in Siberia, but the Russian men are never too much occupied to stand in silence with heads bared when a coffin covered with the Russian flag moves past them.

While the weekly express trains still make the trip, between Petrograd and Vladivostok in nine days the movement of other trains is very slow. Troop trains frequently require thirty days for the trip. The double track is said to be practically completed through European Russia, east as far as Irkutsk in Siberia, but from there on to the Pacific, the double tracking has been delayed and trains move very slowly. This is especially true of the line from Harbin to Vladivostok.

GOVERNOR IS CONSIDERING B. L. BARGAR

**TO TAKE PLACE OF BYRON
CLENDENING ON STATE
LICENSE BOARD.**

**Appointment is Still "Up in the Air,"
However, as Other Names Also
Have Been Mentioned.**

[ASSOCIATED PRESS TELEGRAM]
Columbus, Nov. 4.—Byron L. Bargar, a safety director of Columbus, and colonel of the fourth regiment, Ohio national guard, was being considered today by Governor Willis for appointment on the state liquor licensing board to succeed Byron M. Clendenning of Cincinnati, whom the governor dismissed several weeks ago, but who still is holding to his office. Defeat of the McDermott law in the election Tuesday made continuation of the state board necessary.

Mr. Bargar is a Democrat, and since the two other members of the board are Republicans, the new appointee would have to be a Democrat. It became known yesterday he contemplated resigning as safety director, although Mayor Karb, who had appointed him, was re-elected Tuesday.

It was announced at the governor's office Mr. Bargar was being "considered favorably," but "that his appointment was still up in the air," Charles F. Ferguson, of Columbus, Democrat, leader of a political-religious organization, also was considered by the governor.

J. H. Secrest, former Democratic member of the board who resigned several months ago on request of the governor, denied today he would accept re-appointment.

It was said at the governor's office the resignation of Utilities Commissioner Oliver H. Hughes, Democrat, of Hillsboro, might be accepted by the governor soon. Louis M. Day of Chillicothe, Democrat, has been mentioned persistently as a possible appointee to the utilities commission.

H. A. McKenna of Pike county, manager of the campaign for the constitutional stability amendment, may be appointed soon to a new position as statistician in the secretary of state's department it was said today at the state house.

A new law provides that the secretary of state shall publish abstracts from the statistical reports of all departments and this work will require the appointment of a man by Secretary of State Hildebrandt. An appropriation from the emergency board will be sought for this purpose.

FAVOR REPEAL OF THE SUMMER BASEBALL RULE

[ASSOCIATED PRESS TELEGRAM]
Chicago, Nov. 4.—Students attending Big Nine universities are overwhelming in favor of repealing the rule which prohibits athletes from playing professional baseball during the vacation months. Unofficial results today, on the vote taken yesterday indicate that six of the universities cast a total vote of 2,985 for repeal of the rule. There were only 348 votes in favor of the rule.

Austrian monitors patrolling Danube river between Roumania and Serbia; map showing section of Serbia bounded on east by Danube, now in Austro-German hands.

Now that the Austro-Germans and Bulgarians have gained control of that section of Serbia which is bounded by the Danube river, arms and ammunition are being transported by way of that stream into Bulgaria, from whence they are sent by rail to Turkey. The Germans do not regard this method of transporting arms to their Turkish allies as of the best, and are seeking to gain control of the Vienna-Constantinople railroad, which runs through Nish. It looks now as if they would soon be successful.

Former Town Clerk, Who Was Acquitted of Murder, Now Is Under Arrest for Embezzling

[ASSOCIATED PRESS TELEGRAM]
Washington, Nov. 4.—William V. Cleary, former town clerk of Haverstraw, N. Y., acquitted last January of the murder of his son-in-law, Eugene M. Newman, after a sensational trial, was arrested here today on a warrant charging larceny of \$10,000 from the town of Haverstraw.

Cleary has been missing from Haverstraw since an investigation of the manner in which his murder trial was conducted disclosed alleged irregularities in his office.

Cleary's arrest was the culmination of a chase which began last March and took his pursuers to Bermuda, Cuba, California and many cities in the United States. Three months ago Cleary returned to New York City from the far west for a few days and before his movements there could be traced he again disappeared. He spent several weeks in Hoboken, but eluded detectives there and finally was located here last night.

Cleary had been to a race track and when he met his wife and a friend at the railroad station last night, the party was traced to an

apartment where Cleary had lived for two months. The police watched the house all night, and early today when Cleary and his wife went again to the station to leave town, he was arrested.

Cleary consented to return to New York without extradition proceedings and left Washington a prisoner at noon today to be turned over to the sheriff of Rockland county.

CITY TREASURER OF GRAND RAPIDS WAS FOUND GUILTY.

Grand Rapids, Mich., Nov. 4.—James S. Hawkins, city treasurer, was today found guilty of malfeasance in office and impeached by the common council sitting as an impeachment court. The action was the result of lengthy proceedings in which Hawkins was charged with irregularities in connection with tax title transactions.

Harry Chase, attorney for Hawkins, held that the action of the council is void and declares the city will be compelled to bring quo warranto proceedings to show why his client should be removed from office.

Indictments Expected Against Six Men on Conspiracy Charge To Blow Up Munitions Vessels

New York, Nov. 4.—The Federal grand jury today continued its investigation of the activities of Robert Fay and five others accused of conspiracy to blow up vessels carrying war munitions from New York to the allied nations of Europe. The case had proceeded so far that it was expected indictments would be requested today possibly in advance of the arraignment of the accused men.

One of the important witnesses today before the federal grand jury was C. L. Wettig, a chemist, who is said to have disclosed to agents of the French government and federal officials the fact that he sold explosive ingredients to some of the men alleged to be involved in the plot.

The case gained importance today owing to the announcement from Washington that the department of justice will undertake the prosecution of the alleged conspirators and the statement that the federal investigation shows that the alleged plot had wide ramifications throughout the country.

Ten or more men were under arrest today in West New York, N. J., across the Hudson river from New York City, charged with the thefts of magnetos and automobile tires from automobile trucks in the yards of the West Shore railroad at Weehawken, and in freight yards at West New York.

These trucks were shipped to the European allies from Cleveland, O., and other middle western cities.

It was alleged that eight carloads of tires, valued at \$75,000, and many hundreds of bags of sugar have been stolen either from the freight yards or from ships loading at the water front in Hoboken or in Weehawken, N. J.

After the thefts of sugar it was alleged some of the vessels in which it was to have been loaded were set on fire by fire bombs.

Clues in the alleged thefts lead to Newark, N. J., Pennsylvania points, Dayton and Akron, O., and Detroit, Mich. The loss of the magnetos, which were taken from automobiles in the freight yards, was not discovered in many cases until the cars had been received by purchasers in Europe.

Germany Will Continue War to Its Conclusion By Arms, Buelow's Declaration

[ASSOCIATED PRESS TELEGRAM]
Lucerne, Switzerland, Nov. 4.—Via Paris.—Prince Von Buelow former German chancellor, informed the Associated Press, today, that he had not come to Switzerland on a peace mission. He declared Germany was resolved to continue the war to its conclusion by arms.

The prince made it clear that he is not going to Washington to see President Wilson or to Madrid to see King Alfonso in relation to terms on which Germany might be willing to discuss peace. Nor is he engaged in such discussions with a papal delegate or any one else. In addition to disposing of these reports Prince Von Buelow said to the correspondent today:

"The war must be fought out." At another time during the conversation, he said: "Germany is united and possesses every resource in material and above all in unity and resolve to continue the war to its conclusion by arms."

The prince talked of various aspects of the war with considerable freedom although stipulating that his views on these points must not be made public.

[ASSOCIATED PRESS TELEGRAM]

London, Nov. 4.—While the Serbians are fighting doggedly to keep the way open for their retreat into Montenegro their Franco-British allies are beginning to make their presence felt in Macedonia where according to unofficial reports they have gained a success on the Istip front.

The Serbian army is retreating steadily toward its central defenses but its fighting qualities apparently have not been seriously impaired by the tremendous battering it has received from the invaders.

The only success for the Serbians admitted by Berlin is one along the Nishava river, where the Bulgarians have been thrown back toward Palanka by "superior forces," but the invaders now are only twelve and a half miles from the temporary Serbian capital and a check along the Nishava is not likely to give the harassed defenders much respite.

From Bucharest comes a report that the Russians are concentrating great forces at the port of Rani, in Bessarabia from which place they are expected to make a direct landing on Bulgarian territory if Rumania gives an interpretation of the internationalization of the river Danube friendly to Russia, by which men and munitions may be conveyed by the river into Bulgaria. Along the eastern front Russia continues to claim a series of attacks on the Austro-German positions.

From the most northerly point along the eastern battle line comes a report which has a Russian source that the German commander, Field Marshal Von Hindenburg, despairing of the capture of Riga and Dvinsk is preparing winter quarters near his present position along that front.

The new government regulations relative to British shipping are exciting great interest in trade circles, where the policy already has encountered considerable opposition.

NEW PREMIER PRAISED.

[ASSOCIATED PRESS TELEGRAM]

Even the royalist press agrees that he said in clear terms what it was necessary to say and promised unequivocally a policy of resolute action.

NEW SEAMAN'S LAW IN EFFECT TODAY.

[ASSOCIATED PRESS TELEGRAM]
Washington, Nov. 4.—The new seaman's law regulating conditions of service on all American merchant vessels not admitted to registry under the foreign registry act was in effect today.

"For I am here as a private person," he explained, "and will not talk politics." The only allusion on his part to American affairs was an expression of regret of the death of Herman Ridder of New York. The prince and princess make trips daily by automobile to places of interest, usually in company with their close friend, Baron von Stockhammer, of Munich, formerly Bavarian representative at the Vatican.

The prince appears to be in perfect health, untouched by the anxieties of war. Persons in Lucerne who have had Prince Buelow under observation during the eight days he has been in Lucerne are convinced he conferred with no distinguished strangers, such as Monsignor Marchetti, papal delegate to Switzerland; Premier Salandra or foreign minister Sonnino of Italy, or former premier Giolitti of Italy, each of whom has been reported at various times to have visited him. Neither has he seen Count Ehrensvard, Swedish minister to Switzerland, who has been described as a leader in the supposed peace movement.

ATTENDED FUNERAL OF LIMA BUSINESS MAN MYSTERIOUSLY MURDERED.

Strong Clue as to Identity of Hauenstein's Murderer Was Unearthed by the Police Today.

(ASSOCIATED PRESS TELEGRAM) Lima, O., Nov. 4.—John F. Hauenstein, wealthy retired businessman, who was mysteriously murdered in his office Monday night, was buried at Woodlawn cemetery today. Thousands thronged to the funeral, which was conducted by the Lima Spiritualist society of which the murdered man was a prominent member.

A new clue strongly pointing to the missing men last seen with Hauenstein, on the night he was murdered, was unearthed by the Lima police today. From the description of the men they are believed to have been representatives of a realty firm in New York, whose attorney was on his way from New York, to start a \$20,000 libel suit against Hauenstein, and others on the night of the murder. Papers drawn between Hauenstein and the realty firm which are known to have been in his possession for signature in his possession for his signature have been discovered to be missing. This caused the police to again pick up the thread discarded by them Wednesday, connecting the two missing realty men with the crime. One of them has wired his whereabouts in New York, but the other has not been heard from.

The first envelope drawn by a little girl from a large wooden box on the stage of a local theatre, contained Porter's name.

A Great Kidney Remedy According to Thousands of Reports

My wife has been suffering with kidney and bladder trouble in a bad form since she was nine years of age. She was in such a condition that she was confined to her bed but to no effect. About nine months ago she began to take Dr. Kilmer's Swamp-Root and began to improve immediately. She is practically well now and is able to do all of her work. At the time she was sick she suffered greatly and it looked as if she would die, but thanks to your valuable remedy, she is now a new woman. I can recommend Dr. Kilmer's Swamp-Root as the best kidney and bladder remedy on earth and if you desire you may publish this letter in the hope that it may enable other sufferers to get relief.

Yours very truly,

How to Rub Out Wrinkles And Other Beauty Secrets

Most important to the average woman is how to get rid of those tell-tale signs of age—wrinkles and crow's feet. Much has been written on the subject, but the only treatment worth while is the one that does the work. Any woman can prepare a wrinkle cream in a few minutes that will certainly remove wrinkles that will not disappear. Women who have tried it pronounce it almost magical in its results. It is very simple and easy to prepare. Get from any drug store about two ounces of powdered opium, dissolve it gradually in half a pint of hot water. Then add a tablespoonful of glycerine. This will give you a wrinkle remover that cannot be excelled. Use twice a night and morning, and you will soon notice results.

Wash the great authority on the hair, says that much to thank bacteriology in the care of the hair, as it is the little dandruff germ that eats away the roots, causing it to become lifeless, fall out and become thin and scraggy. Any woman with these hair troubles will do well to get from her druggist one ounce of beta-quinol. Mix half a pint of water and half a pint of alcohol, add the beta-quinol, and shake thoroughly. Use it daily, and faithfully every night, correct any hair trouble.

The head should be thoroughly washed at least every two weeks to get rid of excess oil, dirt and greasy accumulations. For a clean and inexpensive head wash, mix one ounce of egg dissolved in a cup of hot water. Twenty-five cents' worth of egg will give you a dozen shampoos. Advertisement.

STRIKE RIOT; 3 MEN SHOT AT CAR BARN

(ASSOCIATED PRESS TELEGRAM) Wilkesbarre, Pa., Nov. 4.—Three men were shot and slightly wounded in a riot today at the car barns of the Wilkesbarre street railway company whose motormen and conductors have been on strike for three weeks over a dispute on the question of an increase in wages. A special troop of the Pennsylvania state police was called out and dispersed the mob which had gathered at the barn during the noon hour. The railway company had announced that it would start some of its cars at 10 a. m. but Mayor Kosok persuaded the officials not to operate them until he had a sufficient force of men on hand. The riot started when the employees of several industrial plants and an anthracite coal breaker in the neighborhood congregated and marched to the barn. The crowd attacked the building, and it is alleged, strike breakers, who were housed within the barn, started the shooting.

WOMAN SUFFRAGE AMENDMENT WILL BE INTRODUCED IN NEXT CONGRESS

Will be the Same One that has Been Before Every Congress for 45 Years.

New York, Nov. 4.—Only one proposed constitutional amendment granting suffrage to women will be introduced before the next congress according to indications in an announcement made today by the National board of the National American Woman Suffrage association. The board stated it had notified the congressional committee not to introduce the Shafroth amendment in the next congress unless ordered to do so by the suffrage convention to be held in Washington next month. This is a formal ratification of the decision of the congressional committee as recently announced by Mrs. Medill McCormick.

The Shafroth amendment would provide for an amendment to the constitution through suffrage referendums in the various states.

Suffrage leaders here believed that the announcement meant the only suffrage amendment to be introduced this year would be in the form of the Susan B. Anthony amendment, which has been placed before every congress during the last 45 years.

TREAT CATARRH BY NATURE'S METHOD

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate, but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

T. J. Evans sold a great many Hyomei outfits and the more he sells, the more convinced he is that he is perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

COMPLETE RETURNS ON REFERENDUMS AND AMENDMENTS

Columbus, Nov. 4.—Complete but unofficial returns from all counties compiled here today indicate that Prohibition was defeated in Tuesday's election by a majority of about 57,000.

The amendment providing for exemption of public bonds from taxation was defeated by about 60,000 majority.

The amendment to extend the terms of county officers to four years was defeated by about 322,000 majority.

The so-called constitutional stability amendment was lost by about 70,000 majority.

The McDermott liquor license law was rejected by about 109,000 majority.

The Sprague congressional re-districting law was rejected by about 53,000 majority.

ENGLISH TROOPS IN MESOPOTAMIA CLOSE TO BAGDAD

London, Nov. 4.—A Central news dispatch from Amsterdam quotes the Cologne Gazette's Berlin correspondent regarding the progress of British forces in Mesopotamia, the gist of his comment being that with the aid of gunboats on the Euphrates river the British have been able to get close to Bagdad with a relatively small display of force.

The newspaper adds however, that it is too soon to say whether the British will be able to occupy the city as they may be forestalled by Turkish forces which are on the way to Bagdad, a city which, the Gazette remarks, has been "much mentioned in German oriental politics."

It advises Germans not to take a British occupation of Bagdad too seriously.

A NEW FIGURE IN WORLD DIPLOMACY

RICHARD HOOD COLE

With the recognition of General Carranza, a new figure has risen in international diplomacy. He is a plain American business man, whose shirt-sleeve diplomacy has done more for Carranza's cause than yards of gold lace and official retinue could accomplish.

The new business diplomat is Richard Hood Cole, of Pasadena, Cal. He is in the diplomatic game because he is Carranza's close friend and was requested by the "First Chief" to keep an eye on the Constitutionalists' affairs in Washington.

As a protégé of Lyman J. Gage, former Secretary of the Treasury, Cole has been interested in large financial affairs for years, devoting himself especially to the financing of large enterprises.

Living in the Willard hotel with his wife, who has been received in the most select circles of Washington society, he has really been the

directing force behind the movement to obtain American recognition for the Constitutionalists government.

Men from California say Cole's hobby is helping others. He is the man who gave Jess Willard his big start toward the world's heavyweight championship by seeking him out and supplying money for him to go and sign up the Jack Johnson fight.

Cole knows a slough of world-famous people, some of whom are almost always to be found at his beautiful home in Pasadena. He and Mrs. Cole have lived here in elegance, yet in the greatest simplicity. Both have been lionized since the fact of his close friendship with Mexico's "First Chief" leaked out.

Cole's work for Carranza has brought mention of him for an appointment to a prominent diplomatic post under the American Government, where he may yet be a power for American prestige.

CHILD INJURED VERY SERIOUSLY BY AUTOMOBILE

George Peterson, 12 years old, son of Mrs. Mattie Peterson, is in a dangerous condition at his home, 30 Malcolm street, as a result of an automobile accident at Union and Wilson streets Wednesday afternoon. He was struck by the machine near the street intersection, knocked down and the wheels of the car passed over his abdomen.

Passersby who witnessed the accident carried the lad to the office of Dr. G. W. Sapp in Union street where he received attention, later being taken to his home.

He suffered internal injuries and is suffering some internal hemorrhage. There are indications that he suffered injuries to the kidneys.

The attending physician today stated that it was early to predict the outcome of the accident. The machine was occupied by two women, one of whom was driving the car.

SOCIETY SHOULD NOT BE BLAMED FOR CRIMINALS

(ASSOCIATED PRESS TELEGRAM) New York, Nov. 4.—The people of New York and of the country are in danger of being led by an unwise sentiment into such treatment of convicted criminals that will neither impart proper lessons of punishment nor deter others from crime, in the opinion of William H. Taft.

"The impulse of many prison reformers to treat the prisoners as victims of society and to make society the scapegoat for all their sins, vicious propensities and crimes is a

wrong one," said Mr. Taft in an address before the Columbia University Institute of Arts and Sciences last night. He added:

"The theory that by treating criminals as if they had no criminal tendencies you can eliminate them is one that may work in some cases, but the exceptions will be so small as to render the policy ridiculous and worse than ridiculous—most harmful."

SPANKING

ADVISED BY EX-PRESIDENT W. TAFT FOR "SILLY BOYS" WHO WOULD STRIKE

Because they did not like their Teacher, Principal or Method of Instruction.

(ASSOCIATED PRESS TELEGRAM) New York, Nov. 4.—Former President William H. Taft, addressing a gathering of school boys here today, told them that they ought to thank God every day, "that they lived in the United States and had the opportunities of Americans."

"You are not sufficiently grateful to be Americans and live in this country," he said. "You think you are patriotic, and in a way you are; but patriotism is stronger when it is based on reason. There is too much of a tendency today to despise and criticize conditions and to speak of an atmosphere of injustice in the country. This is not justified. Conditions are better than certain people are trying to make them."

"For silly boys" who would go on strike, because they didn't like their teacher, principal or method of instruction, Mr. Taft said he had a remedy—a spanking, administered in the lap of the parent.

The pupils applauded this statement vigorously.

GERMANS REPORT TOWN CAPTURED; OTHER SUCCESS

(ASSOCIATED PRESS TELEGRAM) Berlin, Nov. 4.—(By wireless to Sayville.)—The German war office report given out today announced the town of Mikulischki, between Lakes Swenton and Ilcen, which was captured by the Russians on Tuesday had been re-conquered by the Germans. It was added that further south on the eastern front, General von Rothmer had taken 3,000 Russian prisoners near Sienikowce.

German troops have advanced in the region north of Kralievo in Serbia, taking 650 prisoners, according to an official statement given out by the German war office today.

The announcement added that the Bulgarians had stormed the town of Kalafat, six miles northeast of Nish.

CUNEO "TOUCHED" FOR HIS WALLET AT EXPOSITION

A late edition of the San Francisco Examiner has the following regarding a young man well known to a number of local people:

Sherman A. Cuneo, secretary at the Ohio building at the exposition, reported the loss of a wallet containing a \$12,000 certificate of deposit and \$10 in currency to the police last night.

Cuneo took a jitney at the exposition and was driven to the Palace hotel. He is positive that he had the wallet when he stepped into the jitney, which was driven by Ivan Harvey, with whom Cuneo is acquainted. There were no other passengers in the car on the downtown trip.

Half an hour after reaching the Palace Cuneo missed his wallet. The certificate of deposit was from the Buckeye Building and Loan association.

I should appear ungrateful indeed, if I failed to acknowledge the splendid support given me on election day.

I believe I have a pretty keen conception of the responsibility of the position, and it is my ambition to so perform the duties devolving upon me, that my friends may not consider their confidence misplaced.

The Physicians' Treatment For Swollen Veins

Ask your druggist for an original two ounce bottle of Moore's Emerald Oil (full strength) and simply apply to the enlarged veins as directed. Soon you will notice that they are growing smaller, the treatment should be continued until the veins are of normal size. Emerald Oil is a powerful yet harmless germicide.

Mr. Silas Briggs, East Marion, Mass., writes: "I had a large sore and Varicose Veins on my legs. The sore is all healed up now and the veins are very much reduced. I am more than thankful for your Emerald Oil." Genuine sample on receipt of 10c from Moore Chemical Co., Rochester, N. Y. Evans drug store can supply you.

PERJURY CASE BEING HEARD BY THE COURT

SERIOUS CHARGE AGAINST WO-
MAN INDICTED BY RECENT
GRAND JURY

Verdict May be Returned Before
Night—News of Various Offices
In Court House.

The trial of Belle Humphrey indicted
for perjury may be completed to-
day and a verdict returned by the
jury in common pleas court before
night.

The trial was begun before Judge
Fulton and jury yesterday. The pro-
secution is represented by Carl Nor-
pell as Prosecutor Horner was inter-
ested in a case in which the defend-
ant appeared before he became
prosecuting attorney and the court
named a special prosecutor in this
case. Ray Martin appears for the
young woman defendant.

The state charges that the defend-
ant on Nov. 14, 1915, in a certain
action then being tried in the court
of common pleas entitled the State
of Ohio on relation of Belle Hum-
phrey vs. Huber Davis the said Belle
Humphrey appeared in court and
testified against Huber Davis and
that the state now alleges that testi-
mony given at trial was not true. The
state alleges that the defendant well
knew that her testimony at that time
was false. She pleaded not guilty
and the case was brought to trial in
common pleas court this week. The
defendant has sat during the trial
with a little child in her arms.

In Probate Court.

In probate court today in the mat-
ter of the estate of Sarah Mitchell,
in which exceptions were filed to the
inventory, the court found that the
executor was entitled to one-half of
the property of the inventory, and
his exceptions to the inventory were
sustained by the court. The executor
of the estate is Charles Hillier, and
his attorney in the case was Charles
L. Flory, while Edward Kibler, Jr.,
represented the executor. The parties
who are interested in the matter
reside at Croton, the executor resid-
ing in this city.

Granted Divorce.

Judge Robbins Hunter has re-
ndered his decision in the Nancy
Brownfield divorce case against El-
mer Brownfield, a decree being
granted to the plaintiff on the
grounds of gross neglect of duty.
The parties reside in Eden town-
ship. The defendant is barred from
all right of dower in plaintiff's
property and the latter is restored to
her maiden name of Nancy Adams.

"By George, I never saw anything
like the effects of that new treat-
ment, Tonoline Tablets for building
up of weight and lost nerve force. It
acted more like a miracle than a
miracle than a medicine," said a well
known gentleman yesterday in
speaking of the revolution, "I be-
gan to think that there was nothing
on earth that could make me fat. I
tried tonics, digestives, heavy eat-
ing, diets, milk, beer and almost
everything else you could think of.

Any man or woman who is thin
can recover normal weight by the
best new treatment Tonoline Tab-
lets. "I have been thin for years and
began to think it was natural for me
to be that way. Finally I read about
the remarkable processes brought
about by use of Tonoline Tablets so
I decided to try myself. Well, when
I look at myself in the mirror now,
I think it is somebody else. I have
put on just forty pounds during the
last forty days, and never felt
stronger. Tonoline Tabs are a power-
ful inducer to nutrition, increases
the number of blood corpuscles and
as a necessary result builds up mus-
cles, and solid, healthy flesh, and
rounds out the figure.

For women who can never appear
stylish in anything they wear be-
cause of their thinness this remark-
able treatment may prove a revela-
tion. It is a beauty maker as well
as a form builder and nerve
strengthening. Tonoline Tabs cost
\$1 for a 15 days treatment.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from
system before putting more
food into stomach.

Says inside-bathing makes any-
one look and feel clean,
sweet and refreshed.

Wash yourself on the inside before
breakfast like you do on the outside.
This is vastly more important be-
cause the skin pores do not absorb
impurities into the blood, causing
illness, while the bowel pores do.

For every ounce of food and drink
taken into the stomach, nearly an
ounce of waste material must be car-
ried out of the body. If this waste
material is not eliminated day by
day it quickly ferments and generates
poisonous gases and toxins which are
absorbed or sucked into the blood
stream, through the lymph ducts
which should suck only nourishment
to sustain the body.

A splendid health measure is to
drink, before breakfast each day,
a glass of real hot water with a tea-
spoonful of limestone phosphate in it,
which is a harmless way to wash
these poisons, gases and toxins from
the stomach, liver, kidneys and
bowels; thus cleansing, sweetening
and refreshing the entire alimentary
canal before putting more food into
the stomach.

A quarter pound of limestone
phosphate costs but very little at the
drug store but is sufficient to make
anyone an enthusiast on inside-
bathing. Men and women who are
accustomed to wake up with a dull
aching head or have furred tongue,
bad taste, nasty breath, sallow com-
plexion, others who have bilious at-
tacks, acid stomach or constipation
are assured of pronounced improve-
ment in both health and appearance
shortly.

GRAFONOLAS, FURNITURE, RUGS, STOVES

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when
Backache or Bladder bothers—
Meat forms uric acid.

No man or woman who eats meat
regularly can make a mistake by
flushing the kidneys occasionally.
says a well-known authority. Meat
forms uric acid which clogs the kid-
ney pores so they sluggishly filter or
strain only part of the waste and
poisons from the blood, then you get
sick. Nearly all rheumatism, head-
aches, liver trouble, nervousness,
constipation, dizziness, sleeplessness,
bladder disorders come from slug-
gish kidneys.

The moment you feel a dull ache
in the kidneys or your back hurts,
or if the urine is cloudy, offensive,
full of sediment, irregular of passage
or attended by a sensation of scald-
ing, get about four ounces of Jad
Salts from any reliable pharmacy
and take a tablespoonful in a glass of
water before breakfast for a few days
and your kidneys will then act fine.
This famous salt is made from the
acid of grapes and lemon juice, com-
bined with lithia and has been used
for generations to flush clogged kid-
neys and stimulate them to activity,
also to neutralize the acids in urine
so it no longer causes irritation, thus
ending bladder disorders.

Jad Salts is inexpensive and can-
not injure; makes a delightful efferves-
cent lithia-water drink which
all regular meat eaters should take
now and then to keep the kidneys
clean and the blood pure, thereby
avoiding serious kidney complica-
tions.

Nine out of ten persons have this dread disease

Pyorrhea—the most general
disease in the world—is the dis-
ease you should be guarding your
teeth against. It is caused by a
germ which is found in every
human mouth.

Thousands have already lost
some or all of their teeth from this
disease; in thousands it has
reached the stage of bleeding
gums and loose teeth; in thou-
sands of others the germ, unsus-
pected, is just starting its work
of destruction. Start today to
guard your teeth from the dread
results of this disease by
using a corrective and pre-
ventive treatment in your
daily toilet.

To meet the need for such
a treatment and to enable
everyone to take the neces-
sary precautions against
this disease, a prominent
dentist has put his own pre-
scription before the public

in the convenient form of Senreco
Tooth Paste.

Senreco contains the best cor-
rective and preventive for pyor-
rhea known to dental science.
Used daily it will successfully pro-
tect your teeth from this disease.
Senreco also contains the best
harmless agent for keeping the
teeth clean and white. It has a
refreshing flavor and leaves a
wholesomely clean, cool and pleas-
ant taste in the mouth.

Start the Senreco treatment

Willis' Rippers Defeated.

Rejection of the two Willis rippers taken to referendum election is construed by the leaders of the state as an actual nomination of James M. Cox for governor on the Democratic ticket in 1916. This thought is given expression in statements of leading men of the party.

and even in the election news lead of the Cleveland Plain Dealer, the leading independent Democratic newspaper of Ohio. It is taken generally that the adverse decision on the Sprague congressional ripper and on the McDermott license law decentralizer was in fact a repudiation of the Willis administration.

In addition to this Republican leaders who have remained loyal to a broken cause concede that any other law of the Willis administration that might have been referred to the people as bearing the governor's approval would have suffered like fate. The laws were rejected because of their demerits but more because they were Willis enactments to decentralize Cox laws. Thus the issue is made between the Cox and Willis administrations and the decision is plain. It is tersely expressed in a statement by W. L. Finley, Democratic state chairman, the former manager of Cox's campaigns and his loyal friend. Mr. Finley says:

"James M. Cox has been emphatically called to become the Democratic candidate for governor in 1916 by rejection of the McDermott act and the disapproval of the Sprague gerrymander in the referendum election. The vote not only retains present law but it is a positive declaration of repudiation for the Republican state administration and the Republican plan of destruction and so-called decentralization.

"The Greenlund liquor license law of the Cox administration sustained chief assault in the Willis campaign. The McDermott act, forced through the legislature by Willis as a part of Republican platform promises was passed to decentralize the efficient Greenlund law. The Republican governor fought for the McDermott act even to the point of coercion of voters and officials of his administration. Republican state committees managed the fight. The voters' rejection of the Republican pet law means that the people of Ohio stamp the Willis administration a failure and the election thereof a fraud.

"The Sprague gerrymander act has failed because it was the utterly partisan and unfair offering of the Willis administration. The Republican assault was bitter and strong. Defense against the Sprague act was staunchly made by the Democratic state and county organizations. They appealed for fair play and they asked the people of Ohio to stand by the administration of President Wilson. The Republican state organization with Governor Willis upheld the Sprague act by every means urging that it meant more Republican congressmen and consequently "a restoration of a high protective tariff." The people have spoken.

Work, Ambition and the Labor Problem.

An interesting sidelight on industrial unrest was furnished the other day by a visitor from another state. He is in the business of shoe manufacturing. Speaking of the low wages prevailing in many industries, he gave this bit of personal experience.

Some months ago the girls in the stitching room of his factory, who had long been dissatisfied, became particularly rebellious. The majority of them were earning only about \$5.00 per week. The company claimed it was all they earned.

A system of piece prices was suggested by the employers. The girls were hostile to it, feeling it was all a scheme to squeeze more work out of them.

Finally the girls reluctantly consented to try it out. They found they could earn more without difficulty. Now the great majority of them are getting \$10.00 to \$11.00 per week. What is still more remarkable, the concern is getting the shoes stitched more cheaply than before. In arranging new prices, the concern now aims to make it possible for the girls to earn 20 to 25 cents an hour, and it can afford to do it.

This illustrates how indolently many people will work when their ambition is not roused. They take no interest in the success of their employer, and plug along day after day without effort to improve their methods.

Of course an instance like this is not the whole story. Many employers are indifferent to the welfare of their work people. They do not stop to think whether they are getting a living wage or not.

But it remains true that many people owe their poor wages to the lack of interest in their work. If they will put some brains into it, try to produce better results, they will usually find that their effort is appreciated in a substantial way.

The fact that the boys take readily to the idea of military drill in schools does not prove that they would lower their dignity by marching in with the girls at the Sunday school concert.

The football players are submitting to rigid training rules, but you can't get a boy to live on bread, meat and cereals and go to bed at 10 o'clock merely to pass in his studies.

After a careful examination of several trousseaus of autumnal brides, a feminine friend reports a bewildering array of party gowns, but very few working dresses.

Those 3,000,000 rifles the Russians have just received from the Japs will be useful to point at the Germans, even if the cartridges are still in the factory.

The golf and tennis clubs may keep running through a good deal of bad weather, but they don't usually survive the closing of the cafes and bar.

About this time many young men on a \$15.00 a week salary discover that a \$60 dress suit is essential to their success in life.

The boys are willing to help about the house with raking up leaves, etc., provided they are paid 15 cents an hour for it.

The 1915 vintage of cider is now on sale, and will seem attractive to some of our sports about November, 1916.

The Formal Letter.

(Hartford Courant.)

When you have been away over Sunday on a visit, you naturally "take your pen in hand" Monday evening or Tuesday morning and write one of those delightful little "bread and butter" letters for which you are famous. Sometimes they are rather hard to compose and you have to stop and think quite a bit before you dash off that "spontaneous" little expression of gratitude for things received. But console yourself next time with this thought: the twentieth century style of architecture in social correspondence doesn't require any such structure as did the eighteenth century. One of the letters just disposed of at the Joline sale in New York gives a fine taste of the eighteenth century style. It is from one Robert Burns, written in 1787 to Lady Don of Coates, and apparently is in return for courtesies received. Here it is:

"Madam: I have here sent you a parcel of my epistolary performances, happy at having it, in the smallest degree, in my power to show that gratitude which, 'while life's warm spirit beats within my breast,' shall ever glow to the family of Glencairn. I might have altered or omitted some things in these letters, perhaps I ought to have done so, but I wished to show you the bard and his style in their native colors. I have the honor to be, with the most heartwarm, grateful sincerity, etc."

How would you like to turn off a little thing like that? Aren't you glad you live in the twentieth century?

"Go to Church Sunday" is favored by many men as the cheapest way to get immunity for a year.

A man must be very unpopular when even his barber cuts him.

Spirit of the Press

The Difference.

As a rule the girl who thinks she is overworked is having what her mother would regard as a vacation.—Aitchison Globe.

The Serbian Women.

"Many bodies of women were found in the trenches," says the correspondent of the Cologne Gazette, whose accounts of Balkan operations are printed in the Times, "as Serbian women are taking part in the national defense." This is strong evidence touching a matter in dispute. The German soldiers cannot take pride in fighting women; no German war correspondent would say that Serbian women were fighting unless he had positive proof. Women of Serbia are fighting in the trenches, and doubtless fighting bravely, desperately, and willingly dying for their country. If there is little glory in this for the invaders of Serbia, who are forced against their will to share the dangers and the horrors of the battlefield with their wives and sisters and daughters, the glory achieved by the Serbian women will be indelibly recorded on the pages of history and remembered in the songs of future ages.

If "for our country 'tis a bliss to die," it is a greater bliss, a nobler sacrifice, to die fighting the country's invaders, defending its altars and its fires, instead of carrying its might into foreign lands. On the whole, however, it is consoling to know that the women have not yet felt themselves compelled to bear arms in the other countries involved in the great struggle. The share of suffering and loss the women must bear everywhere is large enough without that; theirs is not the lighter burden.—New York Times.

Rippling Rhymes

For Revenue Only.

We cannot truly love the man whose business is his idol; it shapes his every act and plan, it is his spur and bridle. He beams upon the little chaps, and, while he's looking sunny, he thinks, "They'll tell their dads, perhaps, and I will get their money." He gives some nickels to the poor, with freedom most surprising, when he is absolutely sure 'twill bring him advertising. He'll stand up strong for any cause which may have raised a flutter, if it will help him sell some saws, some calico or butter. On Sunday to the church he wends, and thinks, while hymns are ringing, "It's good to make these people friends—new trade they will be bringing." When some one dies he sheds a tear, as one left sad and lonely, but while he weeps above the bier, he thinks of income only. "The mourners have all kinds of kale, their trade is well worth gaining, and so I'll whoop around and wail, my lungs and larynx spraining." We find this man in every clime, and with gold bricks we rate him; he puts it over for a time, but in the end we hate him.

When our best people pull off the hugging matches required in the newest dances the dances are delightful and artistic. Many a man isn't able to feather his nest because it takes all of his coin to feather his wife's hats.

Of course mother wouldn't think of knocking father. But every now and then mother will glare at father and tell daughter that she hopes she will marry better than her mother did and not throw herself away. And father slams the door and goes out and tells his pet bartender all about the war in Europe.

How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from our drug store 2 1/2 ounces of Pinex (50 cents worth), put into a pint bottle and fill the bottle with plain quinine and sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

—A family mixture makes a full pint of syrup that money could buy—as a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex.

This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup and winter coughs. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract rich in quinine, which is so healing to the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex"—do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., St. Wayne, Ind.

Goodbye Curling Iron! Better Method Found

Don't burn the life out of your hair with that instrument of torture, the curling iron. There is nothing that will so surely dry out and break off the hair, giving it that ragged, unkempt appearance. You will be glad to learn that you can keep your hair beautifully wavy and curly by using a perfectly harmless liquid known to druggists as "simerine." You need only apply a little with a clean tooth brush before retiring and in the morning you will be most agreeably surprised with the effect. And this effect lasts for a considerable time, so a small bottle goes a long way and is quite economical to use. Pure simerine is really beneficial to the hair and there is no greasiness, stickiness or anything unpleasant about it. It is a good idea to divide the hair into strands and moisten these one at a time drawing the brush down the full length.

ART OF GIVING CHRISTMAS MONEY

With advancing years and a constantly widening family circle Christmas gift giving becomes more and more complex and Christmas shopping more of a tax. Even the least practical great-aunts and the most affectionate and sentimental grandmothers are beginning to realize that, after all, nothing is so entirely satisfactory for both giver and recipient as to bestow upon our young folks the "where-withal" to gratify a heart's desire.

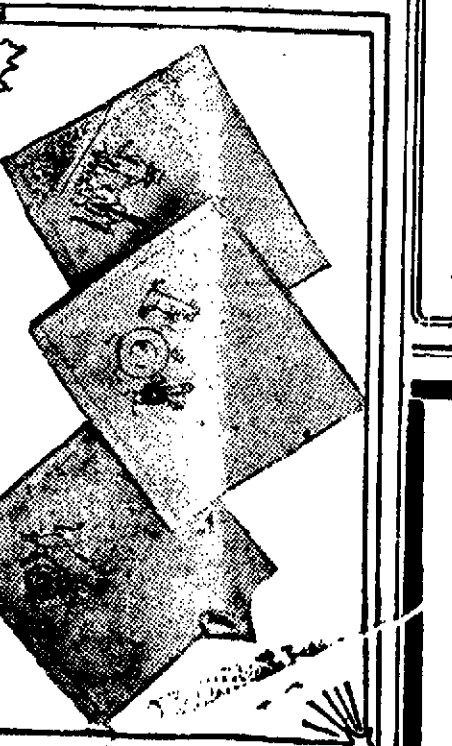

When the desired sum is divided into the several amounts it but remains to distribute these presents. Just here is where we can add the dainty or jocular personal touch.

The woman who bakes her own supply of Christmas cookies or gingerbread need seek no further for suitable coin conveyers. Let her cut her dough into bird or butterfly shapes and ornament it with absolutely new, bright quarters, dimes and half dollars. An owl with \$2.50 gold pieces for eyes, a butterfly bearing three dimes on each upper, two quarters on each lower wing; a peacock with his gorgeous tail feathers outlined in brand new dimes will be particularly splendid. Bringing the cake and coin in direct contact may be avoided by slipping a small round of waxed paper in between; if laid in position just before the gingerbread is put into the oven the gold and silver pieces will "bake in" beautifully.

Long, shiny pine cones make excellent coin holders. Such a cone stuck firmly on end in a sand filled flowerpot and surrounded with Christmas greens, each half open scale supporting a gold or silver coin, is very attractive.

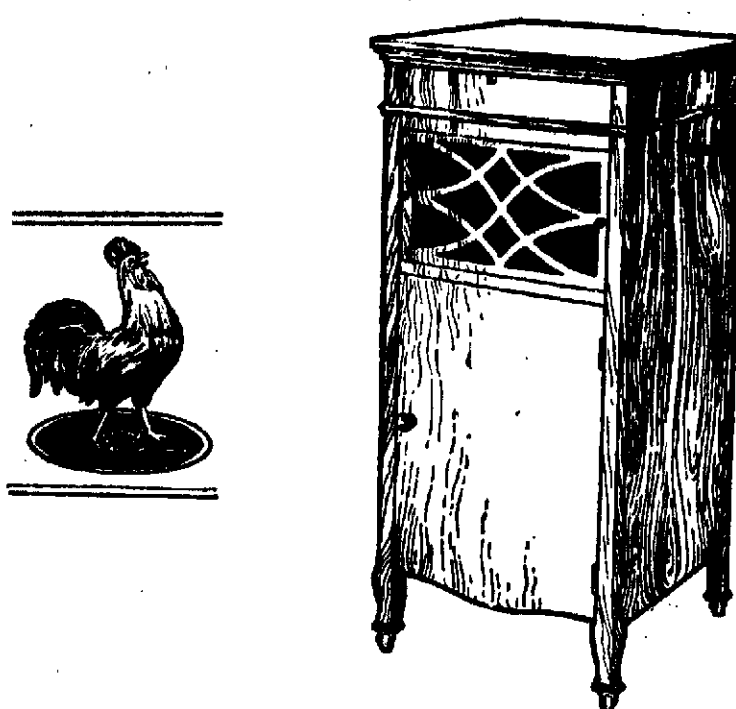

When the presents are distributed direct from the tree such cones—though suspended upside down—may be made to hold the different coins firmly in place by immersing them (stood on end) for six or eight hours in a cupful of water. In drying the scales will close tightly over the coins.

Unique Dollies.
"Hey diddle diddle, the cat and the fiddle," and all the rest of the old nursery rhymes are done in outline on butcher's linen to make a unique set of dollies. These are pictured in the illustration shown here. They could be

done in any color to match the little one's room. Things like these dollies help to give the child an intimate sense of possession, and she could have her little dollies and teas upon her own little table and have her dollies for guests.

There are 800 known rose varieties.

The PATHE has fascinated all Europe, just as it will all America. Every PATHE record is a perfect record and the PATHE catalogue is considered the most complete

PHONOGRAPH DISC CATALOGUE PUBLISHED.
An ingenious and simply adjusted attachment makes possible the playing of any other record, Victor, Edison or Columbia, and to hear these records on a PATHE will prove a revelation to everyone. PATHE SOUND BOXES are fitted with genuine sapphire balls, instead of needles, so require no changing. The disagreeably obtrusive mechanism of the ordinary talking machine is done away with, so that only the pure musical tones are heard.

We cordially invite everyone to come to our shop and hear a demonstration of this remarkable invention, especially those who already own Phonographs — a genuine treat is in store for all.

ALBANIANS RISE AGAINST SERBIA; FIERCE BATTLE

(ASSOCIATED PRESS TELEGRAM)
Rome, Nov. 3.—Via Paris, Nov. 4.—Albanians living in the Suhagora and Krusevo districts of Serbia have revolted, according to a Durazzo dispatch to the national agency. A desperate battle with Serbian troops has been fought north of Tirana. The anti-Serbian movement has spread into Northern Albania.

If the reported Albanian uprising against Serbia, assumes important proportions it may prove a menace to the Serbian army threatened on three sides by its enemies and whose only apparent avenue of escape is into the Albanian mountains.

Reports reaching Rome from Albania have been disquieting to the Allied nations as it was said Austria was trying to stir up trouble by arming and inciting Albanian bands to attack the Serbs and Montenegrins to facilitate Bulgaria's descent to Durazzo.

It has been maintained, however, that a factor in favor of Serbia was the friendship felt for that country by Essad Pasha, former provisional president of Albania, who has a large following and who has been engaged in guerilla warfare against his opponents for some time.

PRESIDENT WILL DISCUSS DEFENSE IN NEW YORK CITY

(ASSOCIATED PRESS TELEGRAM)
Washington, Nov. 4.—President Wilson will speak on National Defense before the Manhattan Club in New York tonight.

The speech which marks the first public utterance of the President since the scope of the administration's national defense program became known was awaited today with keen interest in official circles here. He was to set forth the reasons which caused him to approve plans for materially strengthening the army and the navy.

President Wilson left at 10 o'clock accompanied by Secretary Tumulty. He will be the guest there of his friend Colonel E. M. House. The president will return to Washington tomorrow.

CITIZEN POLICE IN CHICAGO TO BE ORGANIZED

(ASSOCIATED PRESS TELEGRAM)
Chicago, Nov. 4.—Chicago is to have a citizen police force of 30,000 members to co-operate with the police department. It was announced today. It is proposed to select one citizen in each city block to become a citizen policeman.

The movement, which was launched last night at a meeting of police captains and business men has the approval of municipal authorities. The citizens police it is proposed, will be supplied with cards of authority signed by the mayor.

CHANGE OF WIND AND RAIN SAVED CITY FROM FIRE

(ASSOCIATED PRESS TELEGRAM)
Muncie, Nov. 4.—A change in the direction of the wind and a light fall of rain probably saved from destruction early today the town of Red Key, which is 18 miles northeast of here and contains 1800 inhabitants. One business block was burned before the elements combined to stop the blaze. The loss is estimated at \$110,000.

Statisticians say that out of every million of the world's population about 64 are blind.

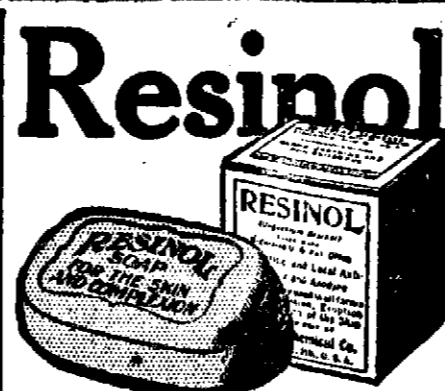

Tint Your Hair With "Browntone"

Don't Be Deceived by So-Called "Restorers." They Are Slow Acting Dyes and Nearly All of Them Positively Dangerous.

The safest road and the shortest cut to the certainty of an attractive and beautiful appearance is the use of "Browntone" Hair Stain.

Just comb or brush it into your hair. "Browntone" will always give you the most pleasing results and you need have had no previous experience. Impossible of detection, will not rub or wash off—needs retouching only as the hair grows out. So-called "Restorers" are slow in action and all depend upon some dangerous mineral stain, such as lead, sulphur, silver or other agent that is of a poisonous nature. "Browntone" is absolutely and positively harmless. Sold by all up-to-date druggists, in two sizes, 25c and \$1.00. If you are offered a substitute, have annoyance by refusing it and ordering "Browntone" direct from the makers. Insist on "Browntone" at your hair-dresser's. A sample bottle and interesting booklet will be mailed for 10c. No samples at dealers. Address The Kenton Pharmaceutical Co., 557 Pike St., Covington, Ky. Sold and distributed in Newark by R. F. Collins, Evans Drug Store and other leading dealers.

Resinol makes itching eczema vanish

There is immediate relief for skins itching, burning and disfigured by eczema, ringworm, or similar tormenting skin disease, in a warm bath with Resinol Soap, and a simple application of Resinol Ointment. The soothing, healing Resinol balsam sink right into the skin, stop itching instantly, and soon clear away all trace of eruption, even in severe and stubborn cases.

Resinol Ointment and Resinol Soap are sold by all druggists. Prescribed by doctors for 20 years.

These Human Fish. Don't you like to meet a feller colder than a winter frog. With a handsake like a codfish that had perished years ago? Don't you like to have him sitting, like a bump upon a log. Listening until he's found out everything that you may know? Never telling you a sentence of the things that he may think. Never giving anything at all for what he surely gets. Simply smiling like a Buddha—it would drive a man to drink. One could throw him in the river with a mighty few regrets!

Finnish Philosophy. If every man had belated every other man's idea an impossibility, the world would be still drivin' around in ox-carts with solid wood wheels to them.

Poultices. Poultices are what you put on a boil.

It doesn't hurt the boil much, and keeps the owner amused. Any human who is serving as the site of a boil is glad to be amused. He not only invites amusement—he dares it.

Poultices may be made of bread and milk, or antiphlogistine, if that's the way to spell it.

The poultice would not be such an exciting indoor sport were it not for trying to keep it warm.

A poultice that is so hot you can't touch it with the bare hands can cool in four seconds until it gives the patient the chills.

If any automobile company could discover the principle that cools a flax-seed or bread-and-milk or anti-well, if anyone were to find out how these things cool so quickly, the manufacture of motor car cooling-systems would be revolutionized.

A thick boiling-hot bread-and-milk poultice applied to a red-hot engine would have the thing half-frozen in twelve minutes.

Anyone trying to get anything done between the time of putting on one hot poultice and the time for putting on the next one, has a mighty staccato job.

The only real good bread-and-milk poultice can bring about is when it is applied to the inside of a stomach that is suffering from hunger.

Letter To The Kaiser. Minook Junction, Ill., En Route, October 20. Dear Bill—Just between us emperors, I wish you would come across with your idea of what is to be gained by keeping this war going. I have been asking around Cadiz, Ohio, Red Pump, Maryland, Ligonier, Indiana, Rabbit Roost, Kentucky, and other important centres, and I find that it is generally held by the best thinkers that you have demonstrated to the satisfaction of the entire world that you are a bad guy to tackle, and heaven knows nobody would ever rouse you again on purpose. The rest of the world will go around in its sock feet for the next twenty years, if necessary, and humor you like a spoiled kid, to keep from getting your dander up. That is, if you quit now. While if you go on and somehow or other you should get rattoned—well, the smallest nation would take great pleasure in pulling your royal nose every chance they got. Why not quit now while the whole world respects your scrapping ability, and while your bluff is as good as any old wheat in the mill? Hey, Bill?

Yours anxiously, Offagin.

Looks Wrong. That cruel Chicago court confirmed the divorce of Mrs. Schumann-Heink in the fall. Thus proving that there are tribunals mean enough to take a widder woman's Rapp away from her just when cold weather was coming on.

Changing It A Little. There was a man in our town. And he was sure some wise. He wanted to quit business, So he didn't advertise.

Arrangements will be made for the entertainment of the delegates, a large number of whom are expected to be here at that time. The program, which will be made especially interesting, as well as the routine proceedings, will be announced later.

NO SHORTAGE OF PRECIOUS STONES ACCOUNT OF WAR

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 4.—That there will be no shortage in the stocks of diamonds and other precious stones for the holiday trade on account of the war is the belief of customs officials here charged with the appraisals of the gems.

All classes of precious stones, including pearls, entered at this port last month had a total value of \$3,089,955, a gain of nearly \$1,000,000 over September, when the imports were returned at \$2,100,292.

According to reliable reports the conditions brought about by the war are forcing many European owners of valuable gems to dispose of their holdings to American importers while the regular dealers abroad find the United States the sole outlet for such stocks as they possess.

Y. M. C. A. COLLEGE IN CHICAGO ERECTS FINE NEW BUILDING

The new building of the Young Men's Christian Association college in the city of Chicago is now nearing completion. This college, which is the professional training school of the association, sustains an important relation to the whole Association Movement. It is designed to provide thoroughly trained men for secretarial positions in local associations. More than 4,000 such secretaries are employed in Associations throughout the country. And there is a growing demand for thoroughly trained men to fill these positions. In the new building instructors are already at work meeting their classes and lecturing, accompanied by the hammer of the workmen who are preparing the building for the formal opening.

The location of the college is ideal. The officers of the school desired to secure a site which would not only be attractive, but would furnish easy access to the parks and playgrounds of the city and would be conveniently situated with relation to libraries and universities. The site chosen is in the midst of Chicago's Southside Park System. Here are nearly 3,000 acres laid out in parks and athletic fields.

The campus in only one block from Washington Park and within five minutes walk of Jackson Park, the former home of the World's Columbian Exposition. The University of Chicago with its great libraries and educational facilities is within a few minutes walk. Other educational institutions are also within easy reach.

The campus of the college includes the block bounded by 53rd, Drexel 54th and Ingleside avenue. Here will be found a running track, football field, tennis courts and other facilities for outdoor sports. Washington Park, which is near at hand, contains a baseball diamond, football fields, tennis courts, etc., so that adequate provision is made for outdoor sports.

Will Verify Statement

Mr. Philip Gelber, 545 Bushwick Ave., Brooklyn, N. Y., will verify to anyone interested his endorsement of Fruitola and Traxo. In writing to the Plaus Laboratories Mr. Gelber says:

"I suffered with gall-stones seven years — tried various remedies without satisfactory result — was induced to try Fruitola and Traxo. Glad to say I am now feeling better than at any time for years and heartily recommend Fruitola and Traxo."

Fruitola acts on the intestinal organs as a powerful lubricant—softening the congested masses, disintegrating the hardened particles that cause so much suffering and expelling the accumulation with almost instant relief. Traxo is a tonic-nutritive acting on the liver and stomach, and is especially recommended in connection with Fruitola to build up and restore the weakened, run-down system. For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Newark they can be obtained at Evans' Drug Store, Warden Hotel Block.

WONDERFUL

WORK BEING DONE IN WAR STRICKEN COUNTRIES BY Y. M. C. A.

Campaign Soon Will Start for Subscriptions to Aid Efficiency of Newark Branch.

The Young Women's Christian Association with a membership of 727,000, has organizations in forty countries with headquarters in London.

This has been a sad year for the world's Y. W. C. A.; more than half of our members are to be found in warring lands. In Great Britain our leaders have helped to care for German and Austrian girls, and to assist them to return home. In Germany our leaders have opened homes for the care and training of girls driven out of East Prussia. They are caring for women and children in special need because of the war. They are nursing the wounded at the front and in hospitals at home.

One of the associations in Hungary has been turned into a military hospital. In Australasia a league of honor has been formed among our members.

In France our Associations have suffered more than we can tell, but splendid stories are told of the heroism and courage of our members. In Paris our associations, French and British-American, have opened workrooms for destitute women. Everywhere the association is trying to meet the girl in her need.

The past year, unique in history, has deeply affected all our associations. In some fields, difficulties and curtailments have been necessary, but there have been with the difficulties greater opportunities for helpfulness. The opportunities for the coming year are yet greater.

The work in Japan from the first has been characterized by quiet, steady growth. Tokio has been made the model association for the empire. The work includes two student hotels, always filled with earnest students. The Traveler's Aid work reaching thousands of women in their journeyings, neighborhood work in the vicinity of the association, where evangelistic meetings are held and a playground is eagerly visited by poor children. The administration building will be ready for occupancy this fall. Instead of a crowded little room there will now be a center for these important things. Thirty-nine voluntary Bible classes meet weekly. Classes for Bible trainings are preparing hundreds of women for Sunday school work. Twenty-three Sunday schools are conducted by seven associations. Five others assist in twenty-five other schools.

The work in factories is bearing fruit. During the year 150 girls have become Christians.

The summer conference had 211 delegates from 23 schools. Several organizations have resulted from the impetus gathered at conference. Throughout the year the members have been sewing and knitting for famine sufferers in Japan as well as the soldiers at the front.

The work in China has been pretty thoroughly brought out in a single article on Chinese Y. W. C. A. work.

The association movement in southern Asia is under the direction of the Indian National Council and is more fully developed than elsewhere in the east. Many of the cities own their own buildings, the majority of the membership are Anglo-Indians and Europeans, but there are also Indians, Burmese, Singales, Chinese. The prominent activities of the past year have been war relief.

However the work in Bible study, domestic science, etc., has been carried on even against the unfavorable conditions. Various forms of practical service are increasingly carried on, such as teaching in Sunday schools, helping in general work, visiting hospitals and leper asylums, and sewing for Indian soldiers and for hospitals.

That which impresses one most in making a survey of the general association movement in India is its practical, Christ-like character manifesting itself not alone in its spirit, but in boarding and holiday homes, traveler's aid and employment agencies.

Although discouragements have been met in Turkey, Miss Gage, the traveling secretary, has made successful tours in Asia Minor, meeting with welcome from Greeks, Armenians, Caplo and other nations whenever she sounded the note of women's helpfulness for the nation. War conditions made impossible very aggressive work. Referring to cabinet work, she says:

"It is gratifying to note the increasing sense of honor with which the girls take on their new offices. While all our foreign secretaries are specially needing prayer in these difficult days, none more than Miss Gage, who in special isolation and danger has bravely been doing her best to serve the women and girls of the Turkish empire."

The work in Argentina has felt deeply the effects of the war. The securing of adequate financial support has been almost impossible. However the work goes forward. The loyalty and devotion of the staff is proven, the work of the finance committee and the co-operation of the Argentine department continues. Religious work and traveler's aid work continues.

Of special interest is the "Department of Legal Advice," in which Dr. A. del Campo Uilson gives consultation to young women without charge. Numbers of difficulties have been straightened out in this way.

A successful bazaar gave encouraging results, not only in money raised but in the interest and co-operation shown by members and friends.

This year has witnessed one suc-

NEW YORK WOMEN TO DECIDE UPON FUTURE METHODS

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 4.—Plans of several women suffrage organizations to begin a new campaign for votes for women will be considered at a mass meeting to be held under the auspices of the Empire state campaign committee in Carnegie Hall tonight. One of the chief questions is the method to be adopted for obtaining the vote. While some of the leaders favor another attempt to obtain suffrage by constitutional amendment other are opposed to another referendum in New York state.

It is quite possible to give a man back talk, and yet say it right to his face.

In Milady's Boudoir

By Gwen Sears

In this workaday world of noisy bustle and hustle, few of us give our minds a moment of relaxation. From the moment we open our eyes to reality until the time they beg for rest at night, we keep ceaselessly on the move so far as our minds are concerned, helter, skelter brained we tear through life.

Many times during illness and its long hours of convalescence, we realize how much we have lost by not giving our minds a few moments each day to rest. Must we be obliged to meet death face to face, before we realize this one vital fact?

Ask yourself, before you close your tired eyes each night, how many moments during the long day of rush and worry, have you given freely to your mind for relaxation and meditation and, if you are truthful to yourself, you will be surprised at your selfish admittance.

Relax, meditate, daydream. It will do your mind a world of good. Allow your mind to wander into the impossible realms of imagination. Allow it full freedom during moments that you can spare from your work. It will rest you and keep you young. The mind, like every other part of the human body, craves a playtime with relaxation and rest.

Your Boys and Girls

A mother cannot inflict greater punishment upon her daughter than to allow her to enter womanhood without a practical knowledge of the requirements of home making. Everything may be provided for the young wife by the fond husband and devoted parents, but unless she has an inherent conception of the management of the home she is seriously handicapped. With some people a knowledge of housework is ridiculed, but a girl who does not give home making a place among her studies shows an intellectual plane away below the common place.

Nothing is of greater importance to a young wife. After marriage she often wishes she knew more of cooking and less of Latin. Money and love combined does not form a safeguard where there is domestic incapacity. A woman who is capable of filling her home in every sense of the word is worthy of more true applause than if she possessed many accomplishments.

Every Day Etiquette

"I have received an invitation to a dinner. As I am not really sure whether I will be able to attend, should I accept the invitation with this understanding?" was Edward's query.

"You should either send a decided acceptance or else decline the invitation. One cannot accept provisionally," directed his elder brother.

An automobile steering wheel that can be slid forward and upward on its steering column has been invented to give a driver more room to enter or leave his seat.

Heals Running Sores and Conquers Piles.

"I feel it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for over a year. I began to use Peterson's Ointment three weeks ago and now it is healed.—A. C. Gilbrath, 703 Reed St., Erie, Pa.
 I'd rather get a letter like that says Peterson, than have John D. Rockefeller give me a thousand dollars. It does me a lot of good to be able to be of use to my fellow men.
 For years I have been selling through druggists a large box of PETERSON'S OINTMENT for 27 cents. The healing power in this ointment is marvelous. Eczema goes in a few days. Old sores heal up like magic piles that other remedies do not seem to even relieve are speedily conquered.

MEXICANS WILL ASK MAGNATES FOR NEW LEAGUE

[ASSOCIATED PRESS TELEGRAM]
 Auburn, N. Y., Nov. 4.—Secretary John H. Farrell, of the National Association of Professional Baseball Clubs left today for Chicago, where a special train will be made up for baseball magnates from the United States and Canada bound for the annual meeting of minor baseball clubs at San Francisco.

The national board of arbitration will consider several hundred disputed baseball cases on the train enroute.

Secretary Farrell declared the meeting will be attended by a representative of the Carranza government, who will seek territory for a baseball league in northern Mexico, under the rules of organized baseball in the United States. The five-year term of the members of the national board of arbitration having expired new members are to be elected in San Francisco next week.

Obituary

 Mr. Charles Barnhart died at his home, 26 West Harrison street at 11:10 o'clock this morning. Mr. Barnhart is a son of Mr. and Mrs. William Barnhart, of Lowell, Washington county, O., and the remains will be shipped to that place Friday morning by Criss Brothers, the body having been taken to their undertaking parlors in West Main street today. Mr. Barnhart was a member of the A. I. U. and the Improved order of Red Men.

Edward T. Richards.
 Edward T. Richards, aged 41 years, residing four miles north of Reform in Perry township, died this morning at 2:30 o'clock, dissolution being caused Bright's disease with which he had ailed for some time. Mr. Richards was a highly respected farmer. He is survived by his widow and four daughters, all residing at home. The funeral will take place Saturday morning at 10 o'clock from the home. Interment will be made in Barnes cemetery.

VILLA DECLARES NACO, SONORA, NEW CAPITAL OF MEXICO.
 [ASSOCIATED PRESS TELEGRAM]

Naco, Ariz., Nov. 4.—Naco, Sonora, just across the border, was declared today to be the capital of Mexico, by General Francisco Villa, who arrived there with the vanguard of his army in his withdrawal from the attack on Agua Prieta.

Naco will be made a base of supplies and troops will rest here for thirty days, it was said.

Sprague—Carrico.

The couple was attended by the bride's mother, Mrs. Susan E. Carrico. Mr. Sprague is a farmer living near Fleetown and his bride was a resident of Pataskala street.

YES—IT IS POSSIBLE TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases.

The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-food in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble.

Try Scott's Emulsion. It cannot harm. It has helped thousands and may be exactly what you need. No Alcohol. Scott & Bowne, Bloomfield, N. J. 12-29

MRS. SHEPARDSON'S FUNERAL WAS HELD IN GRANVILLE TODAY

[Special to The Advocate]
 Granville, O., Nov. 4.—Funeral services for Mrs. Daniel Shepardson were held this morning in the Baptist church where addresses were made by Dr. C. W. Chamberlain, president of Denison university, and Prof. C. L. Williams, for years a member of the faculty in the university. Rev. Millard Brelford read from the Scriptures and Dr. C. J. Baldwin offered prayer. Interment was made in Maple Grove cemetery. The casket was borne to the grave by F. W. Shepardson, of Chicago, George Shepardson, of Madison, Wis., and Ernest Shepardson, of Columbus, sons of Mrs. Shepardson. Francis Thorne, of Roanoke, her son-in-law and his son, and Norman Pomeroy of New York, another grandson. Before the funeral service Mrs. Shepardson's body lay in state in Stone Hall Denison students marched in a body to the Baptist church where the services were held. Mrs. Baker of Newark was the guest of her sister Miss Alda Martin Tuesday.

The Traveler's club met in the parlors of the Baptist church Monday afternoon, Nov. 1. The first few minutes were given to "Current events" by Mrs. Ritus Wright. Mrs. Karl Eshman then made her initial bow to Granville club life by giving a very interesting paper on "The Mail Service." After an intermission, Mrs. Wm. Glenons occupied the last session by giving the topic "Alaskan Dog Teams" and the reading of a beautiful story of life in Alaska. The news of the death of Mrs. Shepardson, who was president of the club for two years and greatly beloved by all, was received with deep sadness. A large number of the club members and guests were present at the meeting.

A very notable prayer meeting was held in the Baptist church Tuesday from 5:30 a. m. to 5:30 p. m. All through the day devout men and women came and went, the spirit of prayer and deep thoughtfulness characterized this meeting which was led by twenty-four different women. Each woman giving her place to another at the end of a half hour. The all-prevailing theme was that voters might be led to cast their ballots against the liquor traffic.

Rev. C. J. Rose, who has been actively engaged in temperance work at Toledo, came home to cast his ballot on Tuesday.

The women of Granville turned out in large numbers and exercised the right of franchise by voting for school board candidates.

The village officers elected in Granville on Tuesday, were as follows: Mayor, C. D. Coons; clerk, Roe Morrow; treasurer, L. E. Davis; marshal, J. Shipley. Members of council: C. B. White, J. M. Jones, E. A. Smoots, Chas. Deeds, W. A. Russer, Henry Welsh. Board of trustees of public affairs: H. W. Deming, E. E. Wright, Assessor, Frank Welch. Township trustees: B. Case, Evan Price, W. R. Jones. Township clerk: E. H. Hammond. Constable: H. W. Shirk. Treasurer, C. B. Slack. Board of education, J. W. Rohrer, R. D. Williamson.

A very delightful afternoon was spent by about forty ladies of the town, Monday afternoon at the home of Mrs. F. L. Robinson honoring her house guest, Mrs. W. J. Pond. The entertainment was in the nature of an informal thimble party. At 5:30 a sumptuous supper was served and the affair was thoroughly enjoyed by all who were present.

Mrs. Phelps of Defiance, who has been the guest of her daughter, Mrs. T. W. Ackley for the past two weeks, left for her home Wednesday morning. She was accompanied by Mr. Ackley.

Mrs. W. J. Pond left Granville Tuesday for Pataskala, where she will spend a day or two with friends. From there she will go to Columbus for a brief visit and will leave for Chicago on Saturday. Mrs. Pond will make a home for her son Henry, in Evanston, Ill.

Mrs. Halderman and Miss Mollie Jones are entertaining their sister Mrs. Manuel and her daughter of Cincinnati at their home on Broadway.

THE SICK

Mrs. Cary Buchanan of Gainer avenue, was operated upon Wednesday morning at the City Hospital. She rallied nicely after the operation and her condition is satisfactory.

Mrs. U. S. Nichols was removed from the home of her father in West Locust street to her own home, 84 Tenth street, Wednesday afternoon, in the Bazler ambulance.

The two children of Mr. and Mrs. J. G. Smith of Valley street, who were operated upon at the City Hospital for removal of tonsils on Wednesday were removed to their home in the Bazler ambulance.

GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

IT BECOMES BEAUTIFULLY SOFT,
WAVY, ABUNDANT, AND
GLOSSY AT ONCE.

SAVE YOUR HAIR! ALL DANDRUFF
GOES AND HAIR STOPS
COMING OUT.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff, invigorates and strengthens them. Its exhilarating stimulating and life-producing properties cause the hair to grow long strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best 25 cents you ever spent.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for a booklet and testimonials.

Address: F. J. CHENEY & CO., Toledo, O.

Sold by druggists 75c. Take Hall's Catarrh Pills for constipation.

A Pine Whooping Cough Remedy.

Mothers, Dr. Bell's Pine-Tar Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucus in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes it an ideal cough remedy for children. Each passing year brings for children new friends. A family of grown-up children cannot afford to be without it. 25c a bottle.

These Carpet, Rug and Draperies Prices

Will Make It Easy To Pre- pare Your Home for Winter

Of course you will need new carpets, rugs, linoleums, etc., for your home before the cold winter weather sets in. You will do well and at the same time serving yourself right by investigating our large stocks before making a decision.

VELVET RUGS AT ONLY 98c.

These rugs are 26 by 52 inches—a very handy size. Made by a reliable mill, fast colored all wool nap yarns, worth today about \$1.39. On sale, while they last, at only 98c.

BRUSSELS RUGS AT ONLY \$8.95.

Remember these Brussels rugs are full standard size 9 by 12 feet; made to give hard wear. Come in good colors and patterns. Be sure and see these rugs if you are looking for a good Brussels rug at a low price, which is only \$8.95.

NEW PRO-LINOLEUMS AT SQ. YD. 29c.

They look and wear just like the real cork linoleums, 2 yards wide, plenty of pretty patterns to select from. The same kind that is selling at 45c square yard—our price is 29c.

OIL POLISH MOPS AT 29c.

Here is a special for you tomorrow and Saturday only. We will sell 60 nice wool yarn oil polish mops complete with handle and a half pint of oil, both for only 29c.

NEW LACE NETS A YARD ONLY 30c.

We have just received a large shipment of the new lace nets; pretty new patterns and different colors, for curtains and doors. On sale at a yard, only 30c.

LACE CURTAINS AT PR. ONLY 95c.

We still have large quantities of the regular lace curtains, and for the balance of this week we place on sale real Nottingham lace curtains of various widths and lengths, at per pair, only 95c.

HEAVY CORK LINOLEUMS AT SQ. YD. 47½c.

Or if you prefer the old reliable kind of linoleums you have been using for years, two yards wide, made from the ground cork and oils, we have them at a square yard, only 47½c.

Sweeper-Vac Carpet Sweepers Reduced to \$7.50

We have a very liberal offer so that you may enjoy one of the best vacuum carpet sweepers made. Bring your old carpet sweeper and we can allow you \$1.50 for it towards the payment of one of these roller bearing, easy running, vacuum carpet sweepers. The price of which has been reduced to only \$7.50.
